3-5 Year Old Focus Group

The 3-5-year-old focus group is designed to support children in the preschool years through play-based, age-appropriate activities that promote emotional regulation, social skills, and early learning. Sessions focus on helping children develop skills such as listening, turn-taking, following simple instructions, expressing feelings, and managing behaviour in a positive and supportive way.

Yamani Play

Our playgroup! Come join us for fun, a story and activities. Each child gets to take home their own book. Open to all families with little people. Just turn up!

Each Tuesday 10:00am - 11:30am

1,2,3 Magic

1, 2, 3 Magic is a practical and easy-to-use parenting program that supports parents and carers to manage children's behaviour in a calm, respectful, and consistent way. The program focuses on reducing challenging behaviours, encouraging positive behaviour, and strengthening the parent-child relationship—without yelling, smacking, or long lectures

Shark Cage

Sharks Cage' is a supportive and informative group for women who have experienced family violence. Throughout the program, you will increase your knowledge of health and unhealthy relationships, increase your capacity for setting boundaries, understand your human rights and learn to care and take care of yourself.
